

Safe Harbor

Statements made during all analyst day presentations and question and answer sessions concerning Juniper Networks' business outlook, future financial and operating results, strategic direction, product and technology development plans and overall future prospects are forward looking statements that involve a number of uncertainties and risks. Actual results could differ materially from those anticipated in those forward-looking statements as a result of certain factors, including: economic conditions generally or in the networking industry; changes in overall technology spending; the network capacity requirements of service providers; changing market requirements; the timing of orders and shipments; manufacturing and supply chain constraints variations in the mix of products sold; customer perceptions and acceptance of our products; litigation; and other factors listed in our most recent report on Form 10-K filed with the SEC. All statements made during these presentations and sessions are made only as of today. Juniper Networks undertakes no obligation to update the information presented during these presentations and sessions in the event facts or circumstances subsequently change after the date of this meeting.

In addition, certain historical Non-GAAP financial information will be presented today. For reconciliation of such measures to comparable GAAP measures, please visit our website at http://www.juniper.net/company/investor_relations/index.html and click on the link entitled "Analyst Day 2008 – Non-GAAP reconciliations".

Juniper's Brand Story

**Because you can never have too much
scale
performance
reliability
or security;**

Because, in networking, “good enough” never is;

**Because your high-performance business depends on a
high-performance network to stay ahead (or it will);**

**Juniper is focused on delivering solutions to your most
difficult network problems.**
